WORK EXPERIENCE

Echo Web Solutions 2025 - PRESENT

Web Developer

- Built and maintained responsive, high-performance WordPress/WooCommerce websites
- Translated design mockups (Adobe XD/PSD) into intuitive, pixel-perfect interfaces
- Collaborated with developers, designers, SEO, and project managers to deliver quality solutions
- Implemented SEO-friendly practices, backend integrations, and custom CMS features
- Enhanced existing websites with new functionality, performance improvements, and bug fixes
- Communicated project updates with clients and internal stakeholders

Search Opt Media Inc. 2020 - FEB 2025

Front-end Developer

- Convert design mockups to mobile-adaptive and responsive website templates using HTML, CSS, and JavaScript.
- Integrate HTML templates into WordPress and Symfony websites.
- Troubleshoot and repair web performance issues.
- Update and maintain WordPress core files and plugins.
- Develop email templates (HTML and CSS files) and survey forms using Mailchimp.

SEO RankMarketingServicesInc. 2018 - 2020

Web Developer

- Convert website layouts in PSD format to mobile responsive using HTML, CSS, and JS. Develop informational and e-commerce websites
- using WordPress. Customize and integrate plugins such as ACF, CPTUI,
- and WooCommerce depending on client's preferences. Troubleshoot and optimize website performance, speed, and security, making sure
- websites are built SEO-friendly.

Capstone SolutionInc. 2016 - 2017

Helpdesk Support (Intern)

- Assisted the IT Supervisor in handling various hardware and software problems of different fast food restaurants through calls.
